

CDI 5200 - DG

DRILL GUIDE KIT FOR CDI 5200-SERIES FLOWMETERS

The drill guide kit provides a convenient way to drill the holes required to install the CDI 5200 series flowmeters. The kit can be used for all sizes of meter.

The kit includes:

- An aluminum drill guide with two 3/16-in drill bushings spaced 2.250 inches apart
- 3/16-inch drill bit
- 3/16-inch and 1/4-inch hex wrenches
